

Hannah Aura Shoval, MD, MBA

Curriculum Vitae

✉ aurashoval@gmail.com
🌐 drshoval.com
in [drshoval](#)

I am a transformational leader adept at spearheading cross-functional teams to create data-driven, financially informed strategy as a means to achieve quality improvement and healthcare equity. I take pride in fostering inclusive cultures of purpose, and leveraging emerging technologies to craft innovative and impactful solutions.

Employment

- 2026–present **Founder and Chief Executive Officer, Let's Move US, www.letsmoveus.org**
Let's Move US is a 501(c)(3) non-profit and the first comprehensive adaptive sports and recreation discovery platform in the United States. It was inspired by the extraordinary lengths people with disabilities, and their families go to in order to find adaptive sports, the transformative benefits they provide from building communities, to increasing likelihood of employment
- 2022–present **Chief of Pediatric Rehabilitation Medicine, Atlantic Health System**
- Department Growth
 - Utilized clinical informatics to analyze competitive healthcare landscape, enhancing competitive advantage and leading to more than 400% increase in patient volume, requiring the creation of multiple new positions to meet unprecedented patient volumes and referrals
 - Created, recruited, and filled multiple new positions in the department in my first 3 years
 - Created new clinics, including creation of a novel business strategy and plan with projected financials, followed by successful implementation leading to improved patient outcomes and financial success.
 - Data Analytics and Technological Innovation
 - Led development and execution of strategic data reporting using Epic, Power BI, Zotec revenue cycle management, REDcap, SPSS, and Excel
 - Reviewed and analyzed reports, ensuring accurate and actionable insights
 - Community Outreach, Societal Integration, and Education
 - Partnerships to facilitate patient higher education, vocational training, adaptive sports & recreation
 - Mentor for interns and rotating students
- 2024–present **Board Member of Atlantic Accountable Care Organization, Atlantic Health System**
One of 10 voting members providing key insights into medicine and policy, working with C-suite executives.
- Liaise with Centers for Medicare & Medicaid Services (CMS) to secure shared savings through participation in Medicare Shared Savings Program (MSSP). Evaluate geographic regions and devise strategic initiatives to strengthen competitive advantage in healthcare market.
 - Review in-depth analysis of financial, quality, and performance data to develop strategies that maximize shared savings by enhancing care efficiency and health outcomes for over 60,000 members.
 - Advise on innovative solutions to improve health outcomes, reduce ER visits, and minimize hospitalizations, thereby lowering costs and improving access to appropriate levels of care

- 2022–present **Medical Director of the Spasticity and Gait Clinic, *Atlantic Health System***
 Oversight of a 15 member multi-disciplinary team consisting of neurologist, orthopedist, neurosurgeon, pediatric occupational therapists, physical therapists, serial casters, orthotists, social worker, nutritionist, as well as support staff.
- Growth and Development
 - Further developed the clinic into an integrative destination clinic for children with complex care needs, providing specialty services unique to the area
 - Greatly increased the clinic's catchment radius and decreased patient leakage from our system
 - Increased surgical candidates by over 300% and brought new candidates for a profitable neurosurgery to our hospital
 - Operations, Finance and Quality
 - Created and analyze quality metrics and financial revenue from the clinic including downstream revenue
 - Informed operational aspects of the clinic and work closely with marketing on promotion
 - Fundraised with community foundations and philanthropic councils
- 2023–present **Co-director of MDA clinic, *Atlantic Health System***
 A 10-member team including Cardiologist, Pulmonologist, Endocrinologist, Neuromuscular specialist, Physiatrist, Geneticist, Genetic Counselor, Nurse Navigator, Physical Therapist, and Orthotist
- Clinic participates in cutting-edge, potentially life-saving drug trials for neuromuscular conditions
 - Early diagnosis using streamlined point-of-care genetic testing
 - Pioneered the creation and execution of innovative EMR build to automate patient care coordination and scheduling, across neurology, physiatry, pulmonology, cardiology, genetics, endocrinology. Gathered stakeholder approval for this build to help streamline processes, improving patient experience, and decreased barriers to care. Pilot was successful and expansion is underway
- 2023–present **Other Atlantic Health System Committees, *Atlantic Health System***
- AMG Central Regional Council** 2025–present
 ○ Lead and govern physicians and advanced practitioners to promote and achieve the goals of Atlantic Medical Group in the Central New Jersey Region, the largest in our system
- Women's Business Resource Group** 2023–present
Founding Chair, Clinician Subgroup of Women's Business Resource Group 2024
Vision: For all women clinicians to meet their full potential in a way that is personally rewarding
Mission: To change cultures and systems to support all women clinicians
- Led system-wide programs/events promoting clinician engagement, mentorship, and health equity
 - Created a pilot mentorship program for new women clinicians
- Wellness Informatics Committee** 2024–present
 ○ Subcommittees: Steering Committee, Documentation Committee
 ○ Clinician group engaged in EMR improvements and innovations.
 ○ Chosen as a member of the AI Ambient Note Writing Pilot Group for 2024
- Clinician Engagement Committee** 2024
 Identifying ways to improve systemwide clinician engagement
- 2022–present **Clinical Associate Professor, *Rutgers/NJMS, Department of Physical Medicine Rehabilitation***
Clinical Assistant Professor [2018–2022]
 Chair of Curriculum in Quality Improvement (QI) for Kessler Residency Program and Lecturer
- Received the Faculty Quality Leadership Award from Rutgers in 2022
 - Administer and monitor Curriculum in Quality Improvement (QI) for Kessler Residency Program.
 - Lecture on QI concepts and framework, as well as change management
 - Assist with QI Capstones and presenting data in a meaningful way to hospital clinicians and administrators to affect further change.
 - Instructed and mentored 50 residents during the span of 4 years.
 - Implemented effective strategies to identify and monitor specific metrics and key performance indicators for quality improvement initiatives, utilizing PDSA cycles effectively.
 - Promoted to the role of Clinical Associate Professor in recognition of key contributions to the institution.

- 2017–2022 **Pediatric Rehabilitation Medicine Physician and Department Chief of Quality Improvement**, *Children’s Specialized Hospital*, Clifton, NJ
 Served on top-level hospital committees, led digital transformation, as well as patient care and patient satisfaction initiatives:
- Utilized Meditech, REDcaps, SPSS, and Excel for QI/PI, research, efficiency, and profitability
 - Published results in a peer-reviewed manuscript, two abstracts, and a national podium presentation
- Interim Chief of Pediatric Physiatry** 2021
 Robust Pediatric Rehabilitation department consisting of 157 Inpatient Beds (68 acute pediatric rehab, 89 special care nursing) and 5 outpatient clinics throughout New Jersey as well as a Fellowship Program
- Steering Committee** 2019–2022
 Worked with CEO and CMO to define hospital goals; created appropriate metrics and gathered and analyzed data to improve quality and performance for the hospital. Personal focus on QI/PI and addressing sociodemographic barriers to care.
- Achieved national presentation and published abstract on work on sociodemographic barriers to care
 - Created metrics and analyzed data to identify pathways to improve the quality of healthcare
 - My financial data analysis identified and found the cause of a repeating billing error. Correcting it saved the hospital hundreds of thousands of dollars
- Medical Executive Committee** 2021–2022
 Elected as member-at-large to represent physicians across all Children’s Specialized Hospital locations.
- Presented data analyzing top barriers to patient access to the C-suite and strategic plan to increase patient access and clinician engagement via optimizing hospital operations
 - Identified new opportunities for revenue growth. Focused on service expansion of high-revenue lines
- Co-Chair, Patient Experience Committee** 2017–2018
- Performed strategic data analysis to identify and proactively address primary patient experience influencing factors
 - Provided recommendations to the C-suite and other key hospital leaders at the quarterly executive board meeting
- Telemedicine Committee** 2021–2022
- Spearheaded digital transformation during the pandemic to re-imagine the clinic visit and market our services via a virtual platform. This was successful in retaining patient volumes and revenue, minimizing the pandemic’s effect on operations.
 - Optimize telemedicine platform and workflow to most closely mimic in-person visit experience
 - Assisted with identifying and correcting IT errors, and assisting colleagues with platform usage
- Medical Education Committee** 2019–2022
 Digital transformation: Created and implemented an efficient interface to manage attendance, evaluations, CME credits resulting in improved efficiency, accuracy and compliance
- Automation significantly decreased the administrative burden
 - Accomplished over 20% increased participation in CME events
- 2021–2022 **Pediatric Rehabilitation Associate Fellowship Director**, *Children’s Specialized Hospital*
 Spearheaded expansion of educational opportunities including a successful new research collaboration and a multi-disciplinary clinic. Devised and implemented a successful comprehensive marketing strategy.
- Co-organized national virtual fellowship fair involving all pediatric rehab fellowship programs across the United States.
 - Created new educational opportunities and a research partnership with research teams at NJIT for our fellows
 - Created multi-disciplinary orthopedic/rehab/bracing clinic
 - Recruited top orthopedist spine and hip specialist in medically complex children
 - Presented business plan with financial, educational, and reputation benefits to our institution
 - Financially lucrative with increased orthopedic and spine procedure volumes
 - Expanded our fellowship program, consistently matching top applicants and added a second fellowship position. This significant milestone came after a series of years with unmatched spots prior to my promotion to this position.

Certifications

Board Certifications

- Board Certified in Physical Medicine and Rehabilitation (American Board of PM&R)
- Board Certified in Pediatric Rehabilitation Medicine (American Board of PM&R)
- Board Certified in Brain Injury Medicine (American Board of PM&R)
- Board Certified in Clinical Informatics (American Board of Preventive Medicine)

Other Certifications

- Performing Arts Medicine Certification (by the American College of Sports Medicine (ACSM) and Performing Arts Medicine Association (PAMA))
- Certified Professional in Patient Safety (CPPS) from the Institute for Healthcare Improvement
- MIT certification in AI in Healthcare

Education

- June 2022 – **Master of Business Administration**, *Rutgers Business School*, Newark, NJ
May 2026 Concentration in Strategy
- July 2015 – **Pediatric Rehabilitation Medicine Fellow**, *New York-Presbyterian Hospital*, New York, NY
July 2017 Clinical Sites: Columbia University Medical Center Blythedale Children's Hospital
- July 2014 – **Chief Resident in Physical Medicine & Rehabilitation**, *New York-Presbyterian Hospital*,
June 2015 New York, NY
- July 2012 – **Physical Medicine & Rehabilitation Resident**, *New York-Presbyterian Hospital*, New York,
June 2015 NY
Clinical Sites: Hospital for Special Surgery Memorial Sloan-Kettering Cancer Center
Columbia University Medical Center Blythedale Children's Hospital
Weill Cornell Medical Center Burke Rehabilitation Center
- July 2011 – **Preliminary Internal Medicine Resident**, *Winthrop University Hospital*, Mineola, NY
June 2012
- Aug 2006 – **Medical Doctor**, *Tufts University School of Medicine*, Boston, MA
June 2011
- Sep 2000 – **Bachelor of Arts (BA)**, *Barnard College*, New York, NY
May 2005 Major in Neuroscience and Behavior; Major in Dance

Honors and Awards

- 2026 **Winner of 2026 Rutgers Business Plan Competition**, *Rutgers MBA*
Recipient of a \$15,000 award as a top winner for Let's Move US, a non profit founded by Dr. Shoval
- 2024 **Top Doc**, *Best in NJ Magazine-Doctor Edition*
- 2022 **Faculty Quality Leadership Award**, *Rutgers/NJMS, Department of Physical Medicine Rehabilitation*
- 2021 **Listed in "Top Doctors" in Bergen County**, *Magazine/ USA Today Network*
- 2020 **Listed in "Top Doctors" in Bergen County**, *Magazine/ USA Today Network*
- 2019 **First author of manuscript chosen as one of the "Top 10 Research Articles in Pediatric Rehabilitation Medicine"**, *AAPMR "Top 10 Pediatric Rehabilitation Medicine"*
- 2013 **Employee of the Month**, *New York-Presbyterian Hospital*
- 2006 **Magna cum laude**, *Barnard College*
- 2006 **Irving and Mary Kremsdorf Award for Academic Achievement**, *Jewish Theological Seminary of America*
- 2000–2006 **The Fellows Program**, *Jewish Theological Seminary of America*
Full merit based scholarship

Leadership

Additional Leadership Positions

- 2023–present **Health Equity Medical Advisor**, *Rutgers Institute for Corporate Social Innovation*
A strategic advisory board composed of a dedicated and diverse group of corporate executives assembled to address society's pressing issues, with a current focus on health equity
- Creating and analyzing key performance indicators for "REACH" proposal
 - Granted \$225K (2024) and \$100K (2025): sustainable farming, nutrition, employment, maternal health
- Oct 2, 2013 **Team Leader**, *PM&R on Capitol Hill*, *AAPM&R*
- Political advocacy for AAPM&R
- 2011–2012 **EMR Integration Team**, *Winthrop University Hospital*, Mineola, NY
Provided key insights during digital transformation from paper charts to an EMR
- Winter 2008 **Board Member/Choreographer**, *Multi-Cultural Performing Arts Group*, Boston, MA
- Helped organize, choreographed and performed at a fundraiser for the Colleen Romain Scholarship
- 2007 **Case Manager and Board Member**, *Sharewood*, Boston, MA
Sharewood is Tufts' student run free Health Clinic

QI Leadership

- 2017–2022 **Physiatry PI/QI Representative**, *Children's Specialized Hospital*
- 2015–2017 **Pediatric Rehabilitation QI Chief**, *New York-Presbyterian Hospital*, New York, NY
National Presentation on the inpatient multidisciplinary QI work I led on a multi-disciplinary protocol and its innovative integration into our EMR of "Standardizing Screening and Multidisciplinary Management for Neurogenic Bladder" at a national conference, American Association of Physiatry (AAP) 2018
- 2014–2015 **Quality Chief for Physical Medicine and Rehabilitation Residents**, *New York-Presbyterian Hospital*, New York, NY

- 2013–2014 **Vice Chair, House Staff Quality Council**, New York-Presbyterian Hospital/Weill Cornell Medical Center, New York, NY
- Directed hospital-wide quality improvement, directly overseeing 80 physicians representing 64 residency programs, supporting over 1800 trainees. Collaborated with nursing, IT, admin, and other staff at top hospital with 800 beds and over 1300 physicians
 - Created the Business plan for and led a successful safety reporting restructuring at New York-Presbyterian Hospital. Achieved rapid growth of hospital-wide QI error identification, resulting in a 400% increase by the end of the second year of tenure
 - Presented accomplishments to the Board of Trustees at Columbia Medical Center, the Board of Trustees at Cornell Medical Center, and the Medical Board at Cornell Medical Center
 - Presented an educational seminar to all residency program directors at Cornell Medical Center and worked with ACGME to ensure compliance with resident QI requirements
 - Spearheaded EMR innovation by synthesizing the needs of clinicians and administration. Worked with the IT department to implement these, which improved patient care, efficiency, and insurance billing.
- 2012 **Quality Improvement Committee**, Winthrop University Hospital, Mineola, NY
- National Academy Leadership Positions**
- 2023–present **Research Committee**, AACPDM
- Review applications for grants
 - Worked with team to create two four-hour national symposia that were successful and chosen for conversion into on-line content:
 - “Transforming Your Early-Stage Research Program into an Established One”
 - “Initiating a Research Program Focused on Cerebral Palsy or Other Child-Onset Developmental Disabilities”
- 2020–2021 **Past Chair**, Adapted Sports and Recreation Committee, AACPDM
- 2019–2020 **Chair**, Adapted Sports and Recreation Committee, AACPDM
- 2017–2019 **Member**, Adapted Sports and Recreation Committee, AACPDM
- Leadership Training**
- 2021–2022 **Medical Leadership Academy**, Children’s Specialized Hospital
- Selected to attend as a physician leader of the institution
 - Collaborated with team to achieve innovative way to achieve hospital strategic initiatives
- 2018 **Directors/Managers Training: Highly Reliable Organization**, RWJBarnabas Health, Clifton, NJ
- Chosen as one of the leaders at Children’s Specialized Hospital to attend a full day course in Highly Reliable Organization with an emphasis on its applications in a hospital setting, and how to promote that environment as a manager.
- June 1–5, 2015 **Leadership Retreat**, Columbia Medical Center, New York, NY
- Chosen as one of 20 out of 1,800 residents (top 1%) for this intensive, week-long leadership retreat that covers topics on quality initiatives, health care economics, patient safety, teamwork and leadership.
- Oct 2, 2013 **Association Leadership Workshop**, National Harbor, MD
- Chosen as a rising leader of psychiatry at the national level to attend a leadership course with other prominent leaders in PM&R.
- 2001–2004 **Resident Assistant training**, Barnard College, New York, NY
- Full week intensive training, repeated each year. Included live simulated scenarios with professional feedback and performance evaluation.

Legal Consulting / Medical Expert

- 2026 **CP Birth Injury**, *Plaintiff's Medical Expert*
- 2026 **Adult Brain Injury**, *Plaintiff's Medical Expert*
- 2025–present **Birth Injury / Brachial Plexus Injury**, *Defendant's Medical Expert*
- 2025–present **Spinal Cord Injury**, *Plaintiff's Medical Expert*
- 2025–present **Limb Loss**, *Plaintiff's Medical Expert*
- 2024–current **Medical Advisor/Consulting Services**, *OrthoPediatrics*
Consulting on creation of novel medical devices
- 2024 **Medical Advisor/Consulting Services**, *ROM Technologies*
Consultation on how to integrate technology to improve design, functionality, and marketing appeal of the device
- 2023–2024 **Neurological Injury at Birth**, *Defendant's Medical Expert*
- Reviewed medical records, depositions, and other documents
 - Advised on neurological injury causes, treatment, recovery, and projected future financial expenses
 - Independent Medical Examination provided
- 2022–2023 **Sports-Related Musculoskeletal Injury**, *Plaintiff's Medical Expert*
- Reviewed medical records, depositions, and other documents
 - Advised on musculoskeletal injury causes, treatment, recovery, and long-term debility from injury
 - Provided summary of expert opinion and subsequent responses to the defendant's expert opinion
- 2023 **Brain Injury**, *Defendant's Medical Expert*
- Provided expert opinion on the standard of care for diagnosis and care for acute brain injury in the ICU setting
 - The natural course of neurovascular disease including prognosis and life expectancy
 - Risk factors associated with poor outcomes in the case
 - Likely prognosis, function, and life expectancy given injury
 - Reviewed medical records, depositions, and other documents
- 2020 **Brain Injury**, *Defendant's Medical Expert*
- Provided expert opinion on the standard of care for diagnosis and care for brain injury

MBA Guest Lectures

- Apr, 2026 **Executive Guest Speaker for Think Like an Exec I**, *Rutgers MBA*
- Apr, 2026 **Executive Guest Speaker for Think Like an Exec II**, *Rutgers MBA*
- Apr, 2026 **Guest Speaker for Healthcare class**, *Rutgers MBA*
- 2026 **Client for Consulting class**, *Rutgers MBA*
- 2026 **Client for Digital Marketing Masters class**, *Rutgers MBA*

Experiential Consulting Coursework

- Fall 2025 **Integrative Business Consulting**, *Rutgers MBA Course*
Client **WTW**: consultation on AI integration
- Fall 2025 **Executive Thinking**, *Rutgers MBA Course*
Partnered weekly with C-suite clients, presenting biweekly strategic recommendations to senior executives of seven different companies
- Summer 2025 **Healthcare Consulting**, *Rutgers MHA Course*
Client **Johnson & Johnson**: consultation on AI Innovation in the Medtech Space. Conducted opportunity mapping for AI-driven technology and made strategic recommendations

Research

- 2025–present **Shoulder Ultrasonography in Children with Disabilities**, *Kessler Institute for Rehabilitation*
- 2023–present **Blood Flow Restriction Therapy**, *Kessler Institute for Rehabilitation*
Novel usage for Individuals with Neurological Conditions to build Strength
- 2024–present **2024 Dean’s Intramural Seed Research Grant**, *Rutgers School of Health Professions*
25K awarded for research on Enhancing Rehabilitation Outcomes in Cerebral Palsy
- 2023–present **Principal Investigator: Pediatric Shoulder Ultrasound**, *Atlantic Health System*, Morristown Medical Center
- Creating a standardized approach for early identification of subluxation
 - Creating a database of standardized dimension by age
 - Early diagnosis of shoulder subluxation and pain sources in children with neurological impairment.
- 2023–2024 **Co-Principal Investigator: Biomechanics of gait limitations of spasticity**, *Atlantic Health System, Kessler Foundation*, West Orange, NJ
- 2021–2023 **Co-Investigator**, *New Jersey Institute of Technology Motion Capture Lab*, Newark, NJ
The effects of surgical and nonsurgical treatments for spasticity and contractures on gait lab analysis in children with Cerebral Palsy.
- 2020–2023 **Principal Investigator**, *Children’s Specialized Hospital*, New Brunswick, NJ
Investigation of Socio Demographics and Functional Level on Access to Care for Children with Cerebral Palsy.
- 2018–2023 **Co-Principal Investigator**, *Children’s Specialized Hospital*, New Brunswick, NJ
Investigation in Sleep Patterns in Inpatient Rehabilitation.
Awarded funding from Children’s Specialized Hospital Foundation.
- 2017–2023 **Co-investigator**, *Children’s Specialized Hospital*, Mountainside, NJ
Treadwall Rock Climbing for Children with Hemiplegic Cerebral Palsy.
- 2017–2023 **Co-investigator**, *Children’s Specialized Hospital & Kessler Foundation*
Visual biofeedback gait training study.
A collaboration between Children’s Specialized Hospital and the Center for Mobility and Rehabilitation Engineering Research, Kessler Foundation.
- 2015–2017 **Resident Research**, *Pediatric Rehab Research, Columbia Medical Center*, New York, NY
Under the supervision of Heakyung Kim, MD
- Long Term Efficacy of Repeated Botulinum Toxin A Injections to Salivary Glands for the People with Neuromuscular Disorders
 - Single Event Multi-level Chemoneurolysis combined with Salivary gland injections Safety and Efficacy of Botox Injections to Salivary glands in patients with SMA
 - Improved Balance in patients with CP and Valgus foot deformity after Botox injections
- 2012–2016 **Resident Research**, *Cardiopulmonary Rehab Research Group, Columbia Medical Center*, New York, NY
Under the supervision of Matthew Bartels, MD
- The therapeutic effect of cardiovascular exercise in Schizophrenia in terms of function as related to autonomic dysreflexia and other cardiovascular parameters
- 2005–2006 **Research Assistant**, *Pediatric Neurology, Montefiore Medical Center*, Bronx, NY
Under the supervision of Kathryn McVicar, MD and Shlomo Shinnar, MD Ph.D.
- Helped plan and implement the study. Reviewed medical charts. Created/managed the database.
 - Recruited and followed up on patients. Administered childhood autism rating scale.
- 2004–2005 **Volunteer Research Assistant**, *Sergievsky Center for Neurological Disorders, Columbia University*, New York, NY
Under the supervision of Brady Butterfield, PhD and Yaakov Stern, PhD
- Reviewed and summarized literature for research on brain function using fMRI.
 - Neuroscience Research Thesis “An fMRI Investigation of the neurobehavioral Impact of sleep deprivation and stimulus degradation on a working memory task”

- 2004–2005 **Neuroscience Senior Thesis**, *Barnard College*, New York, NY
An fMRI Investigation of the Neurobehavioral Impact of Sleep Deprivation and Stimulus Degradation on a Working Memory Task
- 2004–2005 **Dance Senior Thesis**, *Barnard College*, New York, NY
Treatment for Chronic and Recurring Lower Back Pain must be Informed by the Psychological Component

- Therapeutic Engagement Mediates the Effect of Sleep Fragmentation on Rehabilitation Progress after Pediatric Brain Injury. A. H. Lequerica, H. A. Shoval, J. Ace, T. Yip, SS. Dieffenbach, C. Marchetta, J. DeLuca. Poster presented at 2022 Joint Conference on Brain Injury New York City, NY, USA. September 2022.
- 2021 Peach: a validated tool to assess physical therapists' proficiency in assessing "hips at risk" in children with cerebral palsy. J. Chan, J. Cheng, M. Armento, D. Scher, P. Selber, H. A. Shoval, K. Murphy, J. Jezequel, B. Assip, F. Edobor-Osula. Abstracts for the American Academy for Cerebral Palsy and Developmental Medicine 6–9 October 2021. <https://doi.org/10.1111/dmcn.15005>
- 2020 Adaptation to multi-session real-time visual feedback training of knee joint pattern in pediatric cerebral palsy: a case report. X. Liu, N. Oliveira, N. Ehrenberg, J. Cheng, K. Bentley, S. Blochlinger, H. A. Shoval, P. Barrance. 44th Meeting of the American Society of Biomechanics. Aug 5-7, 2020 (virtual conference)
- Validation of IMU-derived knee flexion angle measurements for use in visual kinematic feedback.. X. Liu, N. Oliveira, N. Ehrenberg, J. Cheng, K. Bentley, S. Blochlinger, H. A. Shoval, P. Barrance. 44th Meeting of the American Society of Biomechanics. Aug 5-7, 2020 (virtual conference)
- Use of the Climbing Treadwall in Physical Rehabilitation: A Pilot Study. Kathrynne Bartolo, MD, Hannah Aura Shoval, MD, Jenfu Cheng MD, Ghaith Androwis, PhD. AAP, 2020.
- 2019 The short term effect of gait retraining using real-time visual kinematic feedback in a child with cerebral palsy. X. Liu, N. Oliveira, N. Ehrenberg, J. Cheng, K. Bentley, S. Blochlinger, H. A. Shoval, P. Barrance. International Society of Biomechanics, 2019.
- 2018 The Mysterious Tale of Wilson's Disease Spasticity Presenting as a Radial Nerve Palsy: A case Report. N. Rakesh, K. Eison, H. A. Shoval, P. Tan, R. Alejandro. AAP, 2018.
- 2017 Duration and Efficacy Of Repeat Salivary Gland Onabotulinum Toxin-A Injection: A Retrospective Cohort Study. H. A. Shoval, J. Levin, K. Friel, H. Kim. AACPDM, 2017.
- Efficacy and Negative Outcome Profile Of Single Event Multilevel Onabotulinumtoxin A Injections For Sialorrhea And Spasticity in Pediatric Patients with Cerebral Palsy. H. A. Shoval, J. Levin, K. Friel, H. Kim. AACPDM, 2017.
- Paraplegia Following Surgical Treatment of Idiopathic Scoliosis: A Case Report. M. Chi, H. A. Shoval, P. Tan. AAP, 2017.
- 2016 Peripheral Nerve Injury in the Setting of Concurrent Anoxic Brain Injury: A Case Report. J. Moody, J. Singh, H. A. Shoval, R. Alejandro, M. Wei. AAPM&R, October 2016.
- Addressing Open Mouth Posture in Children with Cerebral Palsy through Chemodenervation of the Lateral Pterygoid Muscles: A Case Series of Pediatric Patients. F. I. Reyes, H. A. Shoval, H. Kim. AAPM&R, October 2016.
- 2015 Ultrasound-guided Interspinous Ligament Steroid Injection for Symptomatic Interspinous Ligament Edema in Two Young Athletes with Back Pain: A Case Series. Anish Mirchandani D.O., Hannah Aura Shoval, MD, Peter Moley, MD. AAPM&R, November 2015
- Adrenoleukodystrophy Diagnosed in a Patient Admitted to a Pediatric Inpatient Rehabilitation Hospital for Hypoxic, Ischemic Encephalopathy: A Case Report. F. I. Reyes, H. A. Shoval, R. Alejandro, H. Kim. AAPM&R, November 2015.
- 2014 Radiation-induced Funicular Pain from Treatment of a Spinal Metastases. H. A. Shoval, M. Stubbsfield. AAPM&R, November 2014.
- The Role of Acute Rehab in Stiff Person Syndrome: A Case Series. H. A. Shoval, O. Hamer, U. Nanda, K. Chantasi. AAPM&R, November 2014.

- Acute Worsening of Parkinson's Disease Symptoms Following Infection with Tick-Borne Illness: A Case Report. J. S. Chu, H. A. Shoval, J. Padro-Guzman, D. Cormier. AAPM&R, November 2014.
- Spasticity and Pain in an Adaptive Water Skier. D. Sarno, H. A. Shoval, D. Cormier, K. Chantasi, American College of Sports Medicine, May 2014.
- Case Report: Bilateral femoral neuropathy following a traumatic sacral fracture and bilateral iliopsoas hematomas. J. S. Chu, H. A. Shoval, J. Padro-Guzman. AAP, February 2014.
- Case Report: Sensory Mediated Bowel, Bladder, and Sensory Dysfunction in Chemotherapy Induced Peripheral Neuropathy. H. A. Shoval, L. Ruppert. AAP, February 2014.
- Case Report: Brown-Séquard-Plus syndrome after spinal stroke in the setting of thoracic aortic aneurysm repair. H. A. Shoval, J. S. Chu, J. Padro-Guzman. AAP, February 2014.
- 2013 Autonomic Dysregulation and Exercise Capacity in Individuals with Schizophrenia. M. N. Bartels, H. A. Shoval, J. Vakhrusheva, H. F. Armstrong, R. P. Sloan, J. I. Gomez, D. A. Kimhy. American Autonomic Society, October 2013.
- Autonomic Dysregulation and Altered Affective Functioning in Schizophrenia. M. N. Bartels, H. A. Shoval, J. Vakhrusheva, H. F. Armstrong, R. P. Sloan, J. I. Gomez, D. A. Kimhy. American Autonomic Society, October 2013.
- Recurrent Miller Fisher Variant of Guillain-Barré Syndrome: A Case Report. H. A. Shoval, A. Shrikhande. AAPM&R, October 2013.
- Rapid Emergence from Akinetic Mutism with Methylphenidate in a Patient with an Old Stroke after VP Shunt Placement. H. A. Shoval, L. Sorkin. AAP, March 2013.
- 2007 Follow up of Children with Language Regression. K. A. McVicar, M. Valicenti-McDermott, I. Rapin, H. A. Shoval, R. Steinman, K. Ballaban-Gil, S. L. Moshe, S. Shinnar. Department of Neurology, Pediatric Academic Society Annual Meeting, May 2007.

Fundraising

- Nov 6, 2025 **Presenter**, *Lil' Heroes for Hope*
 Nov 14, 2024 **Presenter**, *Lil' Heroes for Hope*
 Presented Proposal “Let’s Move NJ!” which was chosen for funding, to help children get access and equipment needed for adaptive sports and recreation.
 Oct 11, 2024 **Presenter**, *Timothy J Piazza Memorial Foundation*
 Presented to TJPMF to obtain funding for our Serial Casting and Spasticity and Gait Clinic at Morristown Medical Center.
 Aug 7, 2023 **Keynote Speaker**, *Timothy J Piazza Foundation Annual Golf Fundraiser*
 To help raise funds for children in need of prosthetics.
 May 3, 2023 **Presenter**, *Goryeb Philanthropic Council*
 Presented Clinical Outcomes of the Pediatric Rehabilitation Medicine Department as well as vision for the future of the department.
 June 1, 2022 **Presenter**, “Dinner with the Docs”
 Presented in front of donors and potential donors.
 Winter 2008 **Board Member/Fund Raiser**, *Multi-Cultural Performing Arts Group*, Boston, MA
 o Fundraised for the Colleen Romain Scholarship

Teaching/Prior Employment

- Feb 24, 2021 **Instructor**, *Kessler Institute for Rehabilitation, Medical Student Fair*, West Orange, NJ
Hands on Workshop: Spasticity Management.
- Jan 16, 2020 **Instructor**, *Kessler Institute for Rehabilitation, Medical Student Fair*, West Orange, NJ
Botox Injections: Hands on Workshop.
- Dec 11, 2019 **Instructor**, *University Hospital*, Newark, NJ
Ultrasound Procedure Workshop
- Dec 21, 2018 **Instructor**, *University Hospital*, Newark, NJ
Ultrasound Procedure Workshop
- Nov 23, 2015 **Instructor**, *Columbia Medical Center*, New York, NY
Columbia Medical School Advanced Musculoskeletal Tutorial
- Mar 10, 2015 **Instructor**, *Weill Cornell Medical Center*, New York, NY
Weill Cornell Medical School Musculoskeletal Tutorial
- Dec 1, 2014 **Instructor**, *Columbia Medical Center*, New York, NY
Columbia Medical School Advanced Musculoskeletal Tutorial
- Oct 19, 2014 **Organizer and Instructor**, *Columbia Medical Center*, New York, NY
Columbia Medical Student Ultrasound Workshop on the Shoulder
- Dec 2, 2013 **Instructor**, *Columbia Medical Center*, New York, NY
Columbia Medical School Musculoskeletal Physical Exam Workshop
- Summer 2007 **Stretch Trainer**, *Rye Personal Training*, Rye, NY
 - Created individualized stretching/exercise programs to prevent and rehabilitate injuries.
- 2001–2005 **Resident Assistant**, *Barnard College Office of Residential Life*, New York, NY
 - Served on-duty for 1000 undergraduates, responded to medical emergencies.
 - Provided peer counseling and mediation for 50 residents.
 - Managed annual programming budget of \$800.
 - Organized events that promoted diversity.

- Summer 2002 **Teacher**, *Barnard College H.E.O.P (Higher Education Opportunity Program)*, New York, NY
 ○ Taught calculus and computer science to economically disadvantaged first year students.
- 2000–2001 **Teacher**, *Greenburgh Hebrew Center*, Dobbs Ferry, NY
 ○ Taught a group of 15 students Hebrew, prayer and ethics. Individually evaluated their progress.
- 2001–2004 **Tutor**, *Brainstorm Tutorial*, New York, NY
 ○ Tutored high school students in math and science. Prepared students for the NY Regents Exams.
- Summer 2001 **Special Needs Counselor**, *JCC Inclusion Program*, La Jolla, CA
 ○ Organized activities for sixty kids. Integrated special needs children into these camp activities.
 ○ Worked intensely one-on-one with a severely autistic child teaching sensory and language skills.

Mentoring

- 2025 **Mentor**
 Mentored in research:
 ○ 1 Medical Student
 ○ 1 Sports Medicine Fellow
- 2024 **Mentor**
 Mentored in research:
 ○ 2 medical students at Hackensack and Rutgers/NJMS, Department of Physical Medicine Rehabilitation
 ○ 1 PM&R resident at Rutgers/NJMS, Department of Physical Medicine Rehabilitation
 ○ 1 pediatric PM&R fellow at Columbia
- 2023 **Mentor**
 Mentored in research:
 ○ 3 medical students at Rutgers New Jersey Medical School
 ○ 2 PM&R residents at Rutgers/NJMS, Department of Physical Medicine Rehabilitation
- 2021 **Mentor**, *Pre-medical Student*
 Mentored in research.
- 2018–2020 **Mentor**, *Incoming Resident*
 Mentored in research.
- 2018–2020 **Mentor**, *Resident Research Project*
 On Treadwall Training in CP
- 2018–2019 **Mentor**, *Resident Research Project*
 On Sleep quality and rehabilitation outcome in patients with brain injuries.
- 2018–2020 **Mentor**, *Pre-Medical College Student*
- 2018–2020 **Mentor**, *Pre-Medical College Student*
- 2016–2017 **Mentor**, *Columbia Medical Center*, New York, NY
 Mentored undergraduate in medical research
- 2016–2020 **Mentor**, *Columbia Medical Center*, New York, NY
 Mentored resident in medical research
- 2014–2015 **Resident Mentor**, *Columbia University Medical School PM&R Student Interest Group*, Columbia Medical School, New York, NY

Mentee Presentations

- 2025 Inter-Rater Reliability of Using Acromion-Greater Tuberosity Ultrasound Measurements in Children with Cerebral Palsy - A Pilot Study. SS. Dieffenbach, D. Choi, H. A. Shoval. American Academy of Physiatry 2025 Annual Meeting. (*Daniel Choi received “Dean’s Award” for this research*)
- 2023 Assessing the Safety and Efficacy of Botulinum Toxin and Toxin- Alcohol Injections in Patients with Rett Syndrome. M. Reddy, H. A. Shoval, E. Grew. Poster Presentation at: New Jersey Medical School Research Symposium 2023; April 24, 2023; Newark, NJ.

- 2022 Effects of Socio-demographics on Access to Care in Children with Cerebral Palsy. M. Reddy, H. A. Shoval, J. Cheng. Podium Presentation at: American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) 2022 Annual Meeting; Sep 21-24, 2022; Las Vegas, NV.
- Assessing the Safety and Efficacy of Alcohol Nerve Block Injections With and Without Onabotulinumtoxin-A in the Management of Pediatric Spasticity. J. Ace, M. Reddy, H. A. Shoval, E. Grew, V. Dhruva, J. Cheng. Poster Presentation at: American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) 2022 Annual Meeting; Sep 21-24, 2022; Las Vegas, NV.

Additional Training

- 2024 **Pediatric Gait & Orthotic Management: An Optimal Segment Kinematics & Alignment Approach to Rehabilitation (OSKAR)**
- April 7–11, 2018 **Musculoskeletal Ultrasound: A Comprehensive Approach**, San Diego, CA
- Jan 17, 2018 **Safety Culture Design Workshop: Safety Behaviors to Prevent Human Error**, *Monmouth Medical Center*, Long Branch, NJ
- Sept 13, 2017 **Ultrasound Symposium: Neuromuscular Ultrasound: Hands on Ultrasound Trainig course for Chemodenervation Procedures**, *AACPDM 2017*, Montreal, Canada
- June 7–10, 2017 **Clinical Gait Analysis: A Focus on Interpretation**, *Center for Motion Analysis*, Farmington, CT
- Oct 1, 2015 **Ultrasound Guidance For Chemodenervation Procedures, Hands On Workshop: Lower Limb Muscles**, *AAPM&R*, Boston, MA
- Oct 2, 2015 **Ultrasound Guidance For Chemodenervation Procedures, Hands On Workshop: Head And Neck**, *AAPM&R*, Boston, MA
- Oct 2, 2015 **Ultrasound Intensive: The Ankle in Musculoskeletal Medicine**, *AAPM&R*, Boston, MA
- April 19, 2015 **Orthotics Workshop**, *NYU School of Medicine*, New York, NY
- Mar 29, 2015 **Prosthetics and orthotics course with Heikki Uustal**, Livingston, NJ
- May 8, 2014 **US Workshop: Knee and Shoulder**, *American Osteopathic College of Physical Medicine and Rehabilitation*, New York, NY
- Winter 2008 **The Ixchel Spanish School**, Antigua, Guatemala

Volunteer Activities

- 2024–present **Advisory Medical Director**, *Lil' Heroes for Hope*
- Directing Strategy for 2,600 sq foot therapy space
 - Founder of "Let's Move NJ" initiative to help children with disabilities access sports and recreation throughout the NJ Region
 - Will be housed on Letsmovenj.com to provide resources, advocacy and support for families with disabilities or special needs for movement, physical activity, sports, and recreation
 - Key Note Speaker and Successful Fundraising Dinner
- 2023–present **Health Equity Medical Advisor**, *Rutgers Institute for Corporate Social Innovation*
- 2023–present **American College of Healthcare Executives (ACHE) NJ**
- Invited Panelist at ACHE-NJ 2nd Annual Women's Leadership Event (June 25th, 2024)
 - Mentorship Program Committee (2024—present)
 - Clinician Committee (2023—present)
- Nov 2, 2023 **Adaptive Sports**
- Atlantic Health System Community Outreach Educational Event.
- Organized and led a discussion focused on families with children with disabilities to discuss solutions of benefits.
 - Encourage physical activity and discussing physical health, as well as mental and emotional benefits of adaptive sports participation.

- 2021–2022 **Volunteer**, *Community Food Bank of New Jersey*, with *Children’s Specialized Hospital*
Helped provide food for families with food insecurities
- 2020–2021 **Accessible Dance Director**, *Seeds Arts*
Co-organizing wheelchair dance classes for all ages
- Sep 18, 2016 **Volunteer**, *Olympic Field Day*, New York, NY
For children with all abilities. Partnered with Achilles International and IamMore Foundation
- Feb 28, 2015 **Presenter**, *Dancer Wellness Workshop*, New York, NY
Prepared and presented information on female athlete triad
- August 2015 **Medical Volunteer**, *Battery Dance Festival*, New York, NY
- October 2014 **Ballet Class with New York City Ballet / Weinberg Family Cerebral Palsy Center**,
New York City Ballet, New York, NY
<https://www.youtube.com/watch?v=wp6Le0IkUuQ>
- May 4, 2014 **Multiple Sclerosis Walk**, New York, NY
To fundraise for support programs, research initiative and promote awareness
- Nov 3, 2013 **Medical Volunteer**, *New York City Marathon*, New York, NY
- 2013–2014 **Volunteer Events Committee**, *New York Society of PM&R*, New York, NY
- 2013 **Challenged Athlete Foundation**
July 14, 2013 **Aquaphor New York City Triathlon**, New York City, New York
June 2013 **Annual Gala and Fundraiser “A Celebration of Heroes, Heart and Hope”**, New York City, New York
- June 2, 2013 **Special Olympics Metro Tournament**, Queens, New York
video available at <http://www.youtube.com/watch?v=gPye82t6iDU>
- May 7, 2013 **Pre-participation Physicals**, *Saint Peter’s College*, Jersey City, New Jersey
- April 28, 2013 **Multiple Sclerosis Walk**, New York, NY
To fundraise for support programs, research initiative and promote awareness
- 2009 **Tutor**
Teaching and tutoring academics and physical activity and dance as part of a free afterschool program for kids at risk
- 2006–2007 **Sharewood**, Boston, MA
Sharewood is Tufts’ student run free Health Clinic
○ Case Manager
○ Board Member
- Fall 2006 **Dance Instructor and Homework tutor**, *YMCA after school program*, Boston, MA
○ Started a dance program, taught dance, and tutored children aged 8–15

Academic Presentations

- Jun 15, 2026 **Pediatric Rare Disease Panelist**, *Catalytic Impact Foundation*, NYC
- Jun 10, 2026 **AI Governance in Practice: Trust, Accountability, and Human Impact: Panelist**, *Willis Towers Watson*
- Jun 3, 2026 **QI Final Presentations: Moderator**, *Kessler Institute for Rehabilitation*, West Orange, NJ
- Mar 11, 2026 **Does my QI need an IRB?**, *Kessler Institute for Rehabilitation*, West Orange, NJ
- Oct 17, 2025 **Connecting Researchers, Clinicians, and Individuals with Lived Experience**, *AACPD*
- Apr 10, 2025 **Guest Lecture for College Senior Seminar for Career Counseling**, *Columbia College*
- Feb 5, 2025 **Framework, Tools and Principles of Quality Improvement - Part I**, *Kessler Institute for Rehabilitation*, West Orange, NJ
- Jan 22, 2025 **Applied Quality Improvement**, *Kessler Institute for Rehabilitation*, West Orange, NJ

- Nov 21, 2024 **The Bottom Line: Colorectal Screenings Save Lives**, *Atlantic Health System*
Moderator
- Nov 13, 2024 **Cerebral Palsy: Early Diagnosis**, *NYC Health and Hospitals, Jacobi Medical Center, Department of Rehabilitation Medicine*
Grand Rounds
- Oct 2, 2024 **PM&R Residency Research Program**, *Kessler Institute for Rehabilitation*
Applied Research & Clinical Practice
- Sep 26, 2024 **Atlantic Health System Research Symposium**, *Atlantic Health System*
Block to Walk: Safety of Ethanol Motor Nerve Blocks
- Mar 19, 2024 **Kessler PM&R Board Review Course**, *Kessler Institute for Rehabilitation*
Topics in Pediatric Rehabilitation and Q & A session
- Mar 12, 2024 **Developmental Outcomes of Pediatric Brain Injury**, *Brain Injury Alliance of NJ*
Regional Training on Brain Injury in Children and Adolescents
- Feb 14, 2024 **Early Diagnosis of Cerebral Palsy: How and Why**, *Atlantic Health System, Morristown Medical Center*
Neonatology Fellowship
- Dec 12, 2023 **Burn Out? Sustainability of Employees**, *Association of National Advertisers*, hosted at Rutgers Business School, Rutgers Institute for Corporate Social Innovation
Tapping Brand Potential for Social Good
- Sep 20, 2023 **Cerebral Palsy: Early Diagnosis and Current Therapies**, *CentraState Healthcare System*
Grand Rounds
- Sep 6, 2023 **Statistical Review of QI Outcome Measures**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Jun 21, 2023 **QI Final Presentations**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Mar, 2023 **Spinal Cord Injury Lecture (Resident Lecture)**, *Atlantic Health System, Morristown Medical Center*
- Mar, 2023 **Kessler PM&R Board Review Course**, *Kessler Institute for Rehabilitation*
Topics in Pediatric Rehabilitation and Q & A session
- Mar 8, 2023 **Quality Improvement**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Jan 31, 2023 **Developmental Disabilities Faculty Panel**, *Rutgers New Jersey Medical School*
- May 19, 2022 **General Pediatric Symposium: CP for the GP**, *Atlantic Health System, Morristown Medical Center*
- Apr 13, 2022 **Physical Medicine and Rehabilitation Overview (Resident Lecture)**, *Atlantic Health System, Morristown Medical Center*
- Mar, 2022 **Kessler PM&R Board Review Course**, *Kessler Institute for Rehabilitation*
Topics in Pediatric Rehabilitation and Q & A session
- Jan 17, 2023 **Quality Improvement**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Oct 9, 2021 **Adaptive Sports and Recreational Panel**, *AACPDM*
video [here](#)
- Apr 29, 2021 **Quality Improvement**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Sep 26, 2020 **Adaptive Sports and Recreational Panel**, *AACPDM*
Organized and moderated an International Panel for the American Academy of Cerebral Palsy and Developmental Medicine. <https://www.youtube.com/watch?v=AuBd1zoOIvU>
- Jan 13, 2021 **Neuromuscular Disorders**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Oct 2, 2020 **Creation of QI/PI projects**, *Kessler Institute for Rehabilitation, West Orange, NJ*
- Sep 23, 2020 **Methodology of QI/PI**, *Kessler Institute for Rehabilitation, West Orange, NJ*

- May 13, 2020 **Traumatic Brain Injuries**, *Kessler Institute for Rehabilitation*, West Orange, NJ
- Feb 11, 2020 **Schwartz Rounds Panelist**, *Children's Specialized Hospital*, Newark, NJ
- Oct 23, 2019 **Quality and Outcome Measures**, *Kessler Institute for Rehabilitation*, West Orange, NJ
- Oct 30, 2018 **Quality Improvement**, *Kessler Institute for Rehabilitation*, West Orange, NJ
